U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on APRIL 3, 1977

- Export Shipments in
Current Marketing Year

- Daily Sales Reported
APRIL 4 - 10, 1977

--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of April 14, 1977 (based on reports from exporters for the week ending April 3, unless otherwise noted):

Soybeans: The demand for old crop soybeans continued to accelerate as sales activity was the heaviest so far this marketing year (MY). The EC was again the major buying area followed by Japan. Exports maintained the recent weekly average pace of around 400,000 metric tons (MT). Under the daily system, a number of sales earlier reported to unknown destinations were assigned specific destinations. These included 254,000 MT for the 1976/77 MY of which 71% went to West Germany and 103,124 MT for 1977/78 with West Germany receiving 75%. Despite these reductions there are still significant levels of outstanding sales in the unknown destination category.

Soybean Cake and Meal: Interest in soybean products also continued strong as sales activity for cake and meal exceeded 200,000 MT for the first time this MY. Europe accounted for the bulk of the business. The EC was the major European buyer, although Spain and Yugoslavia also made significant purchases. Weekly exports of 135,300 MT continued moderately heavy. Interest in next marketing year's soybean meal and cake picked up as sales to unknown destinations tripled to 64,000 MT.

Soybean Oil: Total sales for 1976/77 showed little change as the cancellation of a 10,500 MT sale to India was nearly offset by Iran's purchase of 10,000 MT. Exports at 24,300 MT were moderately heavy, although down slightly from the preceding week.

Wheat: Sales activity slowed. Notable purchases included Egypt's 154,700 MT of White and Soft Red Winter under PL-480, as well as purchases by Japan and Sudan (PL-480). Optional origin sales of 94,800 MT of Soft Red Winter were declared as other than U.S. origin. Export volume registered a moderate increase, at 561,100 MT totalling the highest since last October. Activity was modest for the 1977/78 MY with an optional origin sale of 105,000 MT of Durum to Algeria the highlight (previously reported under the daily system). Wheat product sales were significant as a result of 100,000 MT flour purchase (PL-480) by Sri Lanka.

Corn: Market activity was the slowest in weeks as Japan, Taiwan and several European countries added to existing balances. Sales for the next MY were also limited with the Netherlands and Italy making small additional purchases. The weekly export pace continued to decline, totalling the smallest so far this MY.

Sorghum: Sales activity slowed with the only notable feature, the reporting of optional origin sales to Japan of 129,400 MT and to unknown destinations of 30,000 MT for the MY. Under the daily system, optional origin sales were reported to Venezuela of which 48,000 MT was for shipment in 1976/77 and 53,500 MT for 1977/78.

Rice: The market continued strong as commercial demand was active and Tanzania bought 17,800 MT of medium grain under PL-480. Sales to unknown destinations of 37,900 MT accounted for a significant part of the week's activity.

Cotton: Sales activity picked up for the 1976/77 MY with Japan, Hong Kong, Indonesia and Taiwan accounting for 70% of the total. Exports continued heavy, totalling 136,000 RB, mainly to Japan, other Far Eastern markets and Egypt.

Barley and Oats: Showed no significant activity.

U.S. EXPORT SALES WEEKLY REPORTS

April 14, 1977

A D D E N D U M

The comments appearing on page one of the U.S. Export Sales report released April 14, 1977, for soybean oil are changed to read as follows:

Soybean Oil: Total sales for 1976/77 showed little changed as the cancellation of a 10,500 MT sale to India was mostly offset by Iran's purchase of 10,000 MT. An optional origin sale of 10,000 MT to the People's Republic of China was also reported for delivery during the 1976/77 MY. Exports at 24,300 MT were moderately heavy, although down slightly from the preceding week.

SUMMARY OF CURRENT WEEK'S TRANSACTIONS

1/ Includes contract tolerance adjustments. 2/ A separate purchase of a U.S. commodity from a foreign seller, not involved in a cancellation or buy-back of a previously reported sale. 3/ Includes decreases resulting from shifts in delivery period from one marketing year to another, changes from one commodity to another, "buy-backs" of all or part of a contract balance by mutual agreement, and unilateral cancellation by one party which could result in a contract dispute. 4/ Does not include exports for exporter's own account.

Data shown above may not add due to rounding.
